simple

A beamer theme

simple is a minimalist Beamer theme that features

- ▶ a watermark logo in the background
- ▶ slide numbers
- ▶ *emphasized* and **alerted** text

And of course...

blocks, columns, and all Beamer power

watermark

not only for images

- You can place *any* L^AT_EX contents as a watermark

In preamble

```
\setwatermark{\includegraphics[height=8cm]{%  
img/Heckert_GNU_white.png}}
```

Just before this frame

```
\setwatermark{\fontsize{125pt}{125pt}%  
\selectfont{Simple}}
```

Options

Fine ajustement of the watermark position

- ▶ `hoffset`
- ▶ `voffset`

They admit any *positive* or *negative* spacing unit

Note that some **warnings** about *badboxes* might be generated at compilation
